BACKGROUND

ARI, under contract with McFann, Gray & Associates, Inc., (MGA) has conducted three years of research on garrison/administrative requirements of Army job-holders which has indicated the utility of job aids.¹ A major research effort of this three year project identified tasks for which job aids would assist in the effective and efficient performance of garrison/administrative duties by level and by position.² The research also identified appropriate formats for specific types of job aids. The research team developed prototype job aids which were reviewed by subject matter experts in the Seventh Infantry Division, U.S. Army Sergeants Major Academy (USASMA), Quartermaster School, and Soldier Support Center. USASMA recognized that the First Sergeants job aids could meet a critical need for the First Sergeant Course. Accordingly, USASMA submitted a requirement for the preparation of a First Sergeant Guidebook consisting of relevant job aids systematically organized to facilitate use by the novice First Sergeant.

STATEMENT OF WORK

At the request of the USASMA, and with OMA funding provided to ARI by the USASMA, MGA's contract was modified to allow for the production of 55 job aids listed in Appendix 1. The format for each aid was selected by the USASMA in consultation with ARI and MGA. Where practical, formats were adopted which lend themselves to eventual use in a computerized office management system. Initial working drafts of each job aid were submitted to ARI for a check on readability and internal consistency; after any necessary corrections were made, each job aid was sent to the USASMA for a final review of readability, usability and content accuracy.

FIRST SERGEANT GUIDEBOOK

A large number of First Sergeants do not have the opportunity to attend the First Sergeant Course. Yet, on the job, these First Sergeants are confronted with a myriad of requirements for which they are not adequately prepared.

There are over 4200 First Sergeants in the United States Army. Currently, approximately 300 attend the First Sergeant Course annually. It is anticipated that 600 will attend in the United States and Europe in calendar year 1983; 1200 in 1985. Effective non-resident support must be provided to assist the large number of First Sergeants unable to attend the course.

The development of a First Sergeant Guidebook was proposed to address this problem. The Guidebook is comprised of the 55 job aids and annotated indices to guide the inexperienced First Sergeant. This Guidebook will serve both as an aid to uninstructed First Sergeants and as a supplement to the First Sergeant Course, providing a way of supporting academic training in the unit; a link between formal education and on-the-job functioning.

DESCRIPTION

The Guidebook contains 55 job aids, an annotated index, and an annotated index of references. These materials are shown in Appendices 1 through 4.

DEVELOPMENT PROCESS

Research Key Army Literature

The first step in developing each job aid was to research key Army literature, e.g., Regulations, DA Pamphlets, Field Manuals, etc., as they pertain to the task under consideration.

Job Aid Design

The objective of this step was the selection of an appropriate format for job aid development. Considerations included:

- Is this a task or activity? For example, does it encompass a single type operation with a well-defined beginning and ending (task) or is it an aggregate of single type operations of a continuous nature (activity)?
- How can the essential performance requirements be presented in a concise manner?

With concurrence of representatives for the First Sergeant Course and ARI, the following format was used:

- Title

This is a short title for the specific task for which the aid was developed.

- Considerations

When this section is included in the format, it is meant to provide significant information and/or considerations that are particularly important to task performance. The specific contents of this section may refer to the "when" or "why" aspects of the task, or may identify exceptions and/or constraints one should consider in performing the task.

- Actions

The contents of this section conforms to one of three general formats:

- A. A listing of steps to follow in using the aid. This usually involves the use of supplementary charts, figures, tables, etc.
- B. A listing of steps to follow in order to perform the task itself. This format is used when the aid does not contain supplementary materials.
- C. A combination of A and B. This format combines steps to follow in using the aid with steps to follow in actual task performance.

- **References**

Primary reference materials are listed by reference number and full title.

ARI Review

As each job aid was developed, it was submitted to the Contract Officer's Representative (COR) for review. The COR checked the aid for readability and internal consistency and returned it to MGA. The aid was revised as appropriate.

USASMA Review

After the job aids were reviewed by ARI and revised as required, they were submitted to the First Sergeant Course developers, USASMA. The USASMA reviewed the aid for readability, usability, and content accuracy and returned them to MGA. As the job aids were received, the USASMA comments were integrated into a final product.

Final Product

After all job aids were put into final form, one complete camera-ready set of job aids and annotated indices were submitted to the First Sergeant School for incorporation into the Guidebook they are developing.

RESEARCH THE MANUAL FOR COURTS-MARTIAL (MCM)

SUMMARY: Locate needed information in the Manual For Courts-Martial.

CONSIDERATIONS:

- Subject of interest must be narrowed to a legal term or phrase.
- Assistance may be obtained from the JAG office.

ACTIONS: Use the process shown at Figure 1 to locate information.

1. Select the **KEY** word or words that describes the information you want to find.
2. Locate the key word(s) in the **TABLE OF CONTENTS** or alphabetized **INDEX**.
3. Determine **WHERE** in the manual your information is located.
4. Turn to the page and/or paragraph and **GET** your information. (See example at Figure 2.)

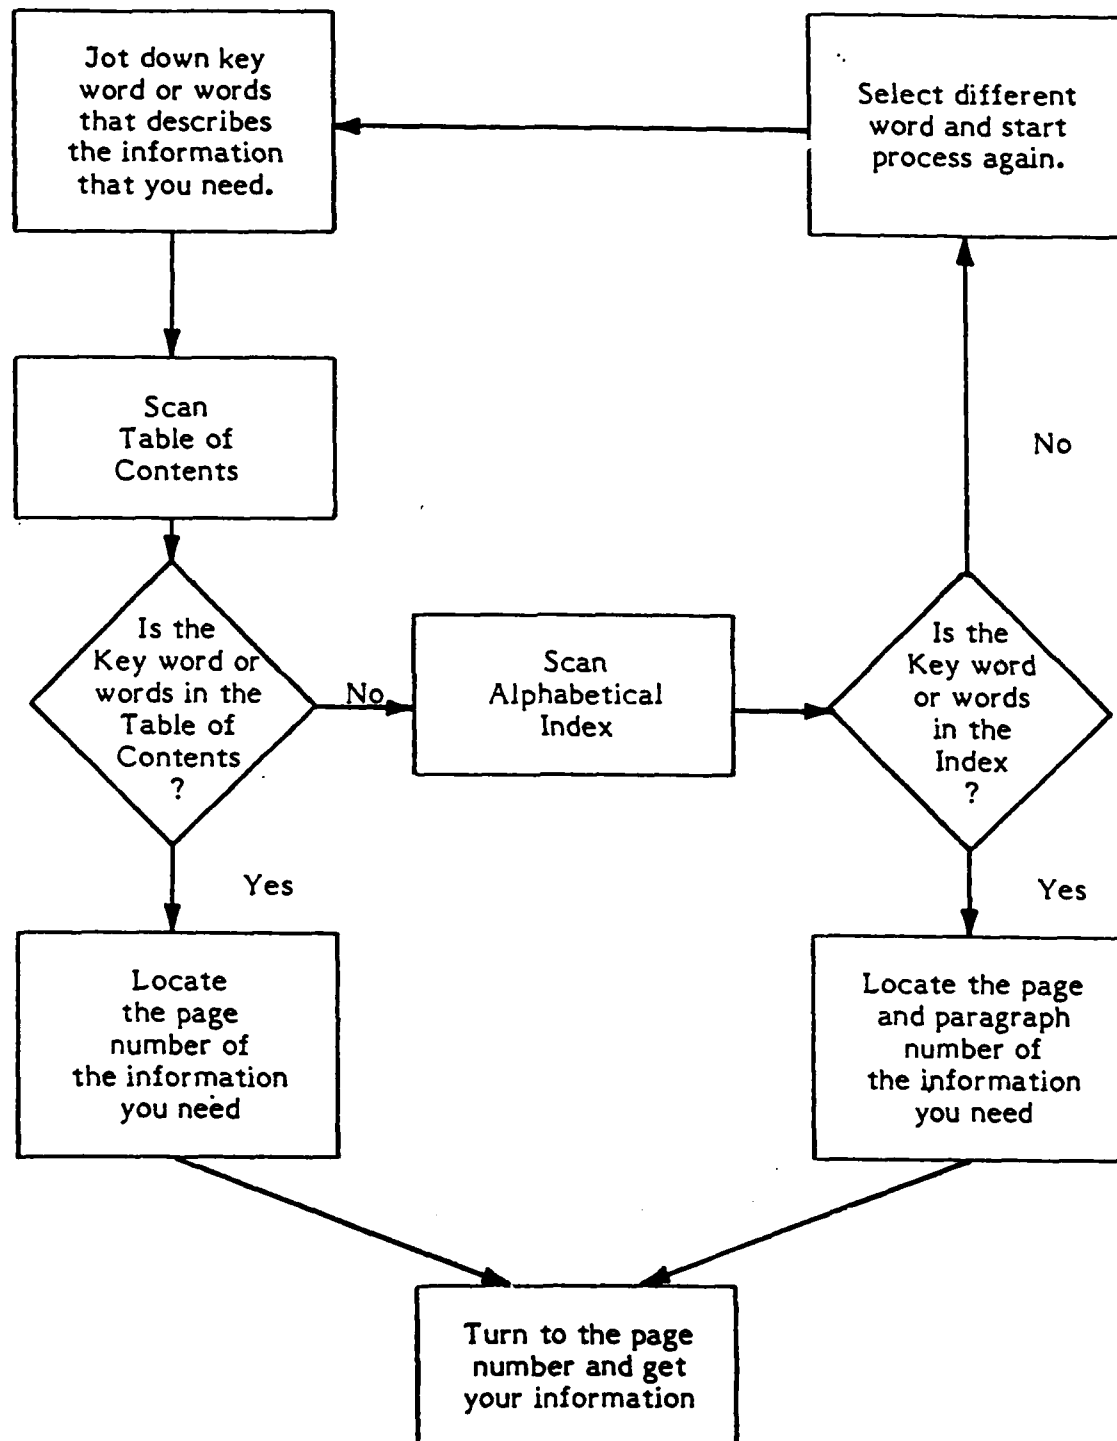

FIGURE 1: FLOWCHART OF THE PROCESS

**PROTECT THE RIGHTS OF AN ACCUSED OR SUSPECTED INDIVIDUAL,
DETERMINE PROBABLE CAUSE FOR SEARCH AND SEIZURE**

SUMMARY: Preserve an accused/suspected service member's (SM) fundamental rights during apprehension, questioning, and search and seizure.

CONSIDERATIONS: An accused or suspected service member has certain fundamental rights which must be protected:

- **PRESUMPTION OF INNOCENCE.** An individual is innocent until proven guilty in a court of law.
- **PROTECTION AGAINST UNREASONABLE SEARCH AND SEIZURE.** Evidence found during unreasonable searches cannot be used in a trial.
- **KNOWLEDGE OF RIGHTS GUARANTEED UNDER ARTICLE 31, UCMJ, AND RIGHT TO COUNSEL.** SM must be informed of Article 31 rights and right to counsel.
- **PROMPT ACTION ON OFFENSES.** SM must be notified of charges and brought to trial as soon as possible.
- **RIGHT TO TRIAL BY ADVERSARY SYSTEM.** SM has the right to defense counsel, and to defend him or herself.

- ACTIONS:**
1. **PROTECT SM'S RIGHTS DURING APPREHENSION.**
 - If you have facts which reasonably indicate the SM has committed or is committing a crime, apprehend the SM. See Figure 1.
 - Inform the SM of his/her rights.
 - Read Article 31 statement of rights to SM. See DA Form 3881, Soldier's Manual Skill Level 5, or GTA 19-6-3, (which is a handy pocket card for easy reference).
 - Make sure SM understands his/her rights.
 - Ask SM if he/she wants a lawyer.
 - Ask SM if he/she wants to answer any questions or make a statement.

PROTECT THE RIGHTS OF AN ACCUSED OR SUSPECTED INDIVIDUAL,
DETERMINE PROBABLE CAUSE FOR SEARCH AND SEIZURE

- Fill out a DA Form 3881, Rights Warning Procedure/Waiver Certificate.

2. PROTECT SM'S RIGHTS DURING QUESTIONING.

- Fill out the portion of DA Form 3881 which pertains to questioning. Do not ask any questions unless SM has agreed in writing to answer the questions.
- Question the SM. If the SM has agreed to answer questions, he/she has the right to stop answering questions at any time and consult a lawyer.

3. PROTECT SM'S RIGHTS DURING SEARCH AND SEIZURE. There are three ways in which a company commander may lawfully seize the property of a SM in the unit. If the correct procedures are not followed, the search is not lawful.

- Lawful search and seizure. See Figure 2 to determine whether a search is lawful.
- Inspections. The inspection must have a legitimate purpose (readiness, health and welfare, etc.) and cannot be a trick or false excuse to conduct what is really an unlawful search. An inspection must not be based on a belief that a crime has been committed. Evidence of criminal conduct discovered during a legal inspection can be used in a trial, but if the inspection is not legitimate, the evidence will not be allowed. NOTE: Inspections to discover contraband such as drugs are permissible, but any contraband discovered will probably not be used as evidence in a court martial.
- Inventories. When a soldier is AWOL, about to be confined, or detained by civilian authorities, an inventory of the soldier's personal belongings is required. Evidence uncovered during this inventory is admissible in a court martial.

ORGANIZE/SUPERVISE THE UNIT TRAINS AREA

SUMMARY:

Organize company trains area to ensure that the trains can perform their mission, provide their own limited security and maintain tactical discipline.

CONSIDERATIONS:

- When task forces are formed and displaced, companies move to their new location with unit trains which include the appropriate POL, ammunition, medical and food service elements.
- Activities conducted by company trains:
 - Distribution of supplies.
 - Organizational maintenance of vehicles, radios and other equipment.
 - Administrative activities, company aid station, and mess area.
 - Storage of equipment not immediately required for tactical operations.
- Brigade, battalion and company trains may consist of both field and combat trains elements. Often times field trains will be collocated for convenience and defendability.
- Definitions:
 - Trains: A group of personnel, vehicles and equipment put together to provide combat service support to a unit.
 - Combat Service Support: The logistical and administrative effort required to maintain a unit's ability to fight.
 - Combat Trains: A subdivision of the unit's overall trains assets which are tailored to the tactical situation and are positioned closest to the unit's area of operation.
 - Field Trains: Those logistical and administrative assets not required in the combat trains.
 - Brigade Trains: Normally located about 20 kilometers behind the line of contact. It has no Combat Service Support elements of its own to support the Battalion.

ORGANIZE/SUPERVISE THE UNIT TRAINS AREA

- o Battalion Trains: Organization varies with type of unit, mission assigned, and the combat, combat support and combat service support assets available. Exact composition depends on the mission and situation.
- o Company Trains: Normally consist of company assets which are controlled by the XO or First Sergeant. When echeloned, maintenance and medical elements will remain close to the company combat elements, while supply and food service elements will be located with the battalion trains.

ACTIONS:

1. Select the location (see Table 1).
2. Organize for occupation (see Table 2).
3. Secure and conceal the position (see Table 3).

ORGANIZE/SUPERVISE THE UNIT TRAINS AREA

TABLE 1: SELECT THE LOCATION

1. Considerations/criteria:

- A. Near company command post
- B. Have convenient road/trail network
- C. Have alternate routes
- D. Enhance unit's tactical freedom of movement
- E. Have sufficient space to permit adequate dispersion
- F. Offer concealment from hostile ground and aerial observation
- G. Offer firm ground for vehicles
- H. Located where terrain features do not become natural barriers to escape, evacuation or evasion, e.g., an unfordable river
- I. Near water source
- J. Have suitable landing zone (LZ)
- K. Near/on terrain that favors defense against air/ground attacks and facilitates local security

1. Organization considerations/criteria:

- A. Ammunition Supply Point (ASP) located away from POL and maintenance area for safety and to reduce traffic congestion.
- B. Ammo (Class V) Vehicles should be located away from other combat trains elements, have a separate entrance and exit, if possible, and a designated loading area.
- C. POL point located near maintenance area and motorpark to provide central source.
- D. POL point must be readily accessible to all vehicular traffic.
- E. POL vehicles, if required, should be located to ensure ease of movement for vehicles, in close proximity to the maintenance area, yet allow safe refueling of vehicles.
- F. Mess facilities located to facilitate ration breakdown and/or preparation and serving of meals.
- G. Establish maintenance collection point to diagnose vehicle problems and evacuate selected vehicles to higher echelons and salvage evacuation as needed.
- H. Select several parking areas throughout area to maintain dispersion and provide concealment.
- I. Aid station should be on the battalion supply route to facilitate reception and evacuation of casualties. A vehicle dispersal area should be designated near the casualty evacuation area.
- J. Traffic flow should be established and controlled to enhance passive security.
- K. The person delegated to be in charge of the company trains area should place himself in a position so as to best control all combat trains activities.

TABLE 2: ORGANIZE FOR OCCUPATION

ORGANIZE/SUPERVISE THE UNIT TRAINS AREA

1. To ensure tactical discipline when the trains are stationary, the following must be supervised and checked:
 - Camouflage discipline
 - Defense plan to include fighting positions
 - They must provide protection
 - They must allow you to engage the enemy
 - They must be concealed
 - Guard assigned to secure the location
 - Light discipline
 - Noise discipline
 - Dispersion of personnel, vehicles, and equipment
 - Internal road nets should be one way
 - Use of dismount points
2. Determine known threats and prepare for them; e.g., guerrillas, infiltration troops.
3. Establish defense priorities:
 - Observation posts (OPs)
 - Listening posts (LPs)*
 - Command post (CP)
 - Emplace machine guns
 - Begin operations (transport supplies, establish facilities)
 - Prepare fighting positions
 - Position obstacles
 - Begin patrols
 - Dig protective positions
 - Improve positions

*NOTE: At night, LPs replace OPs.
NOTE: The above list of priorities is general in nature and may be adjusted according to local conditions.
4. If you use obstacles/mines to defend your trains area, they should be:
 - Under friendly observation and covered by fire
 - Concealed from enemy observation as much as possible
 - Erected in an irregular pattern
 - Employed in depth
 - Coordinated with natural obstacles
 - Of no advantage to the enemy

TABLE 3: SECURE AND CONCEAL THE POSITION

MAINTAIN UNIT SOP

SUMMARY: Check that SOP is useful, complete, and accurate. Post and insert recommended SOP changes from higher HQ. Submit recommendations for SOP changes from unit level to battalion.

- CONSIDERATIONS:**
- All information within the SOP must conform to applicable regulations and policy directives.
 - SOP should be organized into sections, each dealing with a different operation (security, training, supply, maintenance, etc.).
 - All recommended SOP modifications from higher levels should be posted and inserted immediately.
 - Before making changes to the SOP which were recommended at the unit level, the recommended modifications must be submitted to the battalion in writing.

- ACTIONS:**
1. Check each section of the SOP to ensure it contains the following elements (see Figure 1 for sample SOP):
 - TITLE, NUMBER, and DATE of SOP.
 - PURPOSE - system or activity covered by SOP.

MAINTAIN UNIT SOP

- APPENDICES (if required) - attached sections, labeled in numerical sequence with Arabic numerals, containing publications or extracts of publications that are necessary to clarify an annex.
- 2. Check that SOP conforms to applicable regulations and policy directives. Refer to SOPs and regulations from higher HQ, and ensure that unit SOP does not conflict with higher HQ SOPs, regulations, or directives.
- 3. Check that each section of SOP is useful and realistic. Procedures in SOP must be those which the unit can and should do. The SOP should not place unnecessary burdens on the unit, such as redundant reports, unrealistic timelines, etc.
- 4. Post and insert recommended SOP changes from higher HQ. Insert changes where applicable, document, and date them.
- 5. Recommend unit SOP changes to battalion HQ. Submit in writing including detailed background of the proposed change, justification, and an impact analysis if appropriate.

COUNSEL MILITARY PERSONNEL

SUMMARY: Insure that soldiers receive appropriate and adequate counseling.

CONSIDERATIONS:

- If a soldier comes you to with a problem.
- If a soldier is brought to you with a problem.
- If you observe a soldier who may have a problem.

ACTIONS: 1. DETERMINE WHAT THE PROBLEM IS.

Many times the "presenting" problem is not the "real" problem or the reason the soldier has come to your attention. For example, a soldier may come to you with a financial problem (presenting problem). You may find that the financial difficulties are only a symptom of the "real" problem which may be, for example, drug related.

Suggested Areas to Ask About:

- What has been happening lately (in the last two or three months) in the soldier's life. Include:
 - o personal relationships,
 - o work relationships,
 - o health status.
- Other areas of difficulty.

2. DETERMINE THE SEVERITY OF THE PROBLEM.

It is helpful to determine:

- How long the problem(s) existed
- To what degree is the problem(s) impairing the soldier's functioning?
- A particularly good question to ask is, "Could you describe an especially bad situation when this problem occurred in the past?"

COUNSEL MILITARY PERSONNEL

3. DETERMINE WHETHER YOU HAVE THE EXPERTISE TO DO THE COUNSELING

Focus on the problem(s) in light of your expertise:

- Is this a work/unit related problem?
- Is this a personal/health or social/family problem that could best be dealt with by a professional, trained in counseling?

4. IF YOU DETERMINE THAT YOU DO HAVE THE EXPERTISE, CONDUCT THE COUNSELING.
5. IF YOU DETERMINE THAT IT IS WISE TO REFER THE SOLDIER TO A PROFESSIONAL TRAINED IN THIS AREA, REFER TO TABLE 1.

Table 1 is an alphabetical listing of common problem areas with the referral agencies identified with a dot (•) in the appropriate blocks.

6. TAKE NECESSARY FOLLOW-UP ACTIONS TO INSURE THE PROBLEM HAS BEEN RESOLVED.
 - Ask both the soldier and referring agency if the problem has been resolved.
 - Terminate and document.
7. IF THE PROBLEM HAS NOT BEEN RESOLVED
 - Determine if further counseling is necessary.
 - Decide if you will perform the counseling or if a referral is necessary.

TABLE 1: (Continued)

**PROVIDE INPUT TO CHANGES OF TABLES OF ORGANIZATION AND EQUIPMENT (TOE),
AND TABLES OF DISTRIBUTION AND ALLOWANCES (TDA)**

SUMMARY: Make TOE/TDA change recommendations to the Commander.

- CONSIDERATIONS:**
- Revision of TOEs is done on a recurring basis coinciding with HQDA planning requirements.
 - TOEs are reviewed continually to determine if interim action such as revision or rescission is required.
 - Any agency or field organization may submit recommended TOW changes to TRADOC at any time.
 - Definitions:
 - TOE: A table which prescribes the normal wartime mission, organizational structure, and personnel and equipment requirements for a military unit, and is the basis for an authorization document, the MTOE. (See Table 1).
 - MTOE: A requirement/authorization document which prescribes the modification of a basic TOE necessary to adapt it to the needs of a specific unit or type of unit.
 - TDA: A requirements/authorization document which prescribes the organizational structure, personnel and equipment authorizations, and requirements of a military unit to perform a specific mission for which there is no appropriate TOE. (See Table 2).

- ACTIONS:**
1. Look for and identify indications that a change in TOE/TDA is warranted.
 - Review TOE/TDA organizational policies (see Extract of AR 310-31).
 - Review Identification and Documentation Chart for additional guidance (see Table 3).
 2. Prepare supporting documents:
 - TOE analysis and summary (see Sample DA Form 1529-R).

**PROVIDE INPUT TO CHANGES OF TABLES OF ORGANIZATION AND EQUIPMENT (TOE),
AND TABLES OF DISTRIBUTION AND ALLOWANCES (TDA)**

- Request for MTOE/TDA changes (see Sample DA Form 4610-R).
- 3. Present recommendations for changes/improvements to Commander on DA Forms 1529-R and 4610-R.

**GENERAL GUIDANCE AND CRITERIA POLICIES FOR
CHANGE/MODIFICATION OF TOEs
(Extract AR 310-31 TOE Organizational Policies)**

1. Minimum essential personnel and equipment to perform mission.
2. Balanced structure in terms of numbers and skills of personnel to ensure optimum use and efficient maintenance of authorized equipment.
3. Level 1 (100%) most effective organization for combat. Minimum essential personnel and equipment to accomplish stated mission. (Column g., Section II DA Form 2949 TOE Personnel Allowances.)
4. Level 2/3 (90%/80%) reduced capabilities. (Columns h. and i., Section II, DA Form 2939 TOE Personnel Allowances.)
5. The stated functional capabilities shown in Section I of each TOE will be maintained at all levels.
6. Strengths of TOE at level 2 (90%) and level 3 (80%) may deviate by 5 if the level 1 strength is 200 or less.
7. Reduced levels may be achieved by line deductions, by elimination of small component elements of the TOE concerned, or both.
8. Whenever battalions applying the line reduction rate and TOE strength falls below 85% of level 1, individual elements should be considered, e.g., squads from platoons.
9. Standards of grade authorization will be applied to level 1 column. Officer and enlisted positions grades will remain fixed at all levels.

PART IV - JUSTIFICATION

JUSTIFICATION FOR PERSONNEL CHANGES

- a. Justification for personnel changes must be clear, well organized, concise, and complete. It should allow an analyst unfamiliar with the unit and local conditions to understand the rationale for the proposed action. Organization charts and diagrams help to clarify the reasons for a proposal. Cited Army directives, previously obtained approval of actions, and approved manpower survey reports are often adequate justification. AR 310-49 shows conditions that affect personnel spaces and the actions required by proponents to justify specific changes.
- b. An explanation of the mission or functions of a newly formed organizational element and an estimated workload often suffice to justify the positions, grades.
- c. Job descriptions provided with no further explanation and explanations merely stating that the position is needed are not adequate justification. Workload data and some indication of why the work is performed within the specific organizational element must be included. These data should substantiate the requirement for the position selected.
- d. AR 310-49 provides guidance for preparing and submitting justifications for personnel changes in TAADS.

INSTRUCTIONS

Each part of the form must be completed. "NA" will be used when the part is not applicable. If additional space is needed, continue on bond paper in format prescribed.

Part II - Section A:

1. Only one functional paragraph or subparagraph will be listed.
2. A separate form will be used for each additional functional paragraph or subparagraph.
3. Three copies of each form will be forwarded as a separate inclosure to letter of transmittal.
4. Show deletion when an item(s) will be deleted to satisfy the item being requested. (May list more than one functional paragraph or subparagraph.)

Part II - Section B:

1. Complete this part when the item being requested will be transferred from another MTOE/TDA.
2. The remarks column will identify the item number in Section A that the transfer will affect.

Part III:

1. The ID and AMSC columns will be filled in when applicable. The remaining columns are self explanatory.
2. This part will be completed when new MOS are required for the equipment requested. A like number of MOS must be shown as deleted.
3. When an increase is listed, a like number of positions must be deleted. Indicate as "(D)".

Part IV: This part will be completed IAW AR 310-49 with the following additional information when applicable . .

1. Why presently authorized equipment cannot be used.
2. If the request is approved, the deletion will occur simultaneously.
3. Why a tactical vehicle is required for a TDA unit.
4. A net diagram is attached for communications equipment requested.

DIRECT COORDINATION AND PREPARATION OF ADVANCE/QUARTERING PARTY

SUMMARY: Coordinate and prepare advance/quartering party.

- CONSIDERATIONS:**
- Advance/quartering parties are normally dispatched when there is an impending move of a unit from one location to another.
 - An advance/quartering party provides local security, establishes tentative locations for sub-elements of the unit, provides guides into the selected area, gathers intelligence, and performs other tasks as directed by the Commander.
 - The advance/quartering party will be TASK ORGANIZED based upon planned actions at the Objective/site.

- ACTIONS:**
1. Warning order (see example at Table 1).
 - Receive warning order from higher Headquarters
 - Plan use of time and post a timetable
 - Issue your warning order
 2. Conduct reconnaissance (see Sample Checklist, Table 2).
 - Map
 - Ground
 - Air
 3. Detail planning, coordination and preparation (see Table 3).

The warning order is the first notice you get about an intended move/action. It comes from higher Headquarters and may be written or oral.

Upon receipt of the warning order, plan your timetable and issue your warning order. This will allow time to review procedures, determine transportation needs, make task assignments, etc. At this time the uniform, rations, ammunition, and equipment should be prescribed.

TABLE 2: RECONNAISSANCE METHODS

Prior to the conduct of any operation, a thorough reconnaissance should be conducted. There are three forms of reconnaissance: Ground, Air, and Map. Who actually conducts this reconnaissance is often dependent on the type, size, and mission of the unit. If ground reconnaissance is conducted, make a sketch.

Example: Reconnaissance Checklist

NOTE: Indicate findings during the conduct of your reconnaissance

IMPLEMENT AND ENFORCE UNIT COMMUNICATIONS SECURITY (COMSEC) PROCEDURES

SUMMARY: Establish and monitor procedures to prevent the enemy from obtaining information from telecommunications activities.

CONSIDERATIONS: A complete and effective COMSEC program contains procedures for:

- Cryptosecurity
- Transmission Security
- Emission Security
- Physical Security of COMSEC Equipment and Material
- Emergency Evacuation or Destruction of COMSEC Equipment and Material

ACTIONS:

1. Use COMSEC checklist at Table 1 to assure basic procedures have been established and are being followed.
2. Use Security Checklist For Operators, Table 2, to monitor performance of radio operators.
3. Use COMSEC Discrepancy Index, Table 3, to monitor communications activities in your unit.

IMPLEMENT AND ENFORCE UNIT COMMUNICATIONS SECURITY (COMSEC) PROCEDURES

PERSONNEL, General

1. Access to classified COMSEC information, equipment and material (e.g., CEOI, OPCODES, Brevity Codes, Secure Key Devices, etc.) is limited to persons with appropriate clearance whose duties require such access.
2. Personnel selected for COMSEC duties, e.g., custodians and alternates, meet rank and grade requirements and are appointed IAW AR 380-40.
3. COMSEC personnel, operators, and users have received appropriate training in handling, storage, maintenance and destruction of classified COMSEC information, materials and equipment.
4. Operators and other personnel involved in communications operations have received appropriate training in:
 - a. Transmission, cryptographic, physical, and emission security measures.
 - b. Antijamming operations.
 - c. Use of machine and nonmachine cryptosystems and authentication systems.

PHYSICAL SECURITY

1. COMSEC operations are conducted in a secure area with controlled access to prevent unauthorized viewing/loss of materials or unauthorized entry. When appropriate, classified storage is provided.
2. A control system ensures proper safeguarding and accounting of classified COMSEC materials, information and equipment (e.g., CEOI, OPCODES, Brevity Codes, Secure Key Devices, etc.).
3. Classified waste is protected and destroyed.
4. COMSEC materials are packaged, transported and receipted from IAW AR 380-40 and AR 380-41.
5. Emergency evacuation and destruction plans have been prepared, and assigned personnel know how and when to execute them.
6. SF 153 is completed, witnessed and forwarded for all instances of emergency destruction.
7. Known or suspected violations of physical security are reported IAW AR 380-40.

TABLE 1: COMSEC CHECKLIST

IMPLEMENT AND ENFORCE UNIT COMMUNICATIONS SECURITY (COMSEC) PROCEDURES

CRYPTOSECURITY

1. All classified information is encrypted IAW AR 380-40 and 380-52.
2. All COMSEC personnel have been instructed and tested in the use of cryptosystems (on-line and off-line) before being permitted to handle actual traffic.
3. COMSEC personnel are familiar with provisions of ARs 380-40, 380-41, 380-52 and the operating instructions for all cryptosystems held by their commands.

TRANSMISSION SECURITY

1. All electrically transmitted messages and conversations, to include unclassified traffic, are encrypted whenever possible.
2. Commanders and all other personnel associated with the preparation and processing of electrical messages are familiar with the contents of ARs 105-31, 105-34, 380-26, 380-40, 380-52, and 530-2.
3. Operators recognize the different types of enemy interference activities, know how to react to each, and how to submit an Interference Report to the C-E Officer.
4. Commanders and all other personnel using the radio adhere to radio communications security procedures outlined in FM 32-6.
5. Telephones are used for official purposes only; conversations are brief; classified information is not discussed or alluded to; and COMSEC aids and authentication systems are used as appropriate.

EMISSION SECURITY

1. Equipment operators use the lowest power setting necessary to test and operate.
2. Communications facilities are located to shield or absorb side and back antenna lobes and to prevent scattering of main lobe energy.
3. Dummy antennas and closed loop systems are used for testing, maintenance and warmup.
4. Equipment is remoted and/or locations are changed frequently.
5. Schedules are established to provide for irregular and minimum operating periods.
6. Frequencies are changed regularly.

IMPLEMENT AND ENFORCE UNIT COMMUNICATIONS SECURITY (COMSEC) PROCEDURES

PURPOSE

This checklist is included as a guide for use in determining radio operator adherence to prescribed procedures. Maximum transmission security is indicated when the answer to each question is negative.

CHECKLIST

1. Is radio silence being violated?
2. Is unofficial conversation (chatter) being exchanged between operators?
3. Are transmissions taking place in a directed net without permission?
4. Is the operator's personal sign being transmitted?
5. Are call signs being compromised by their association with plain language unit designations?
6. Is plain language used instead of authorized prosigns and operating signals?
7. Are jamming activities being ignored?
8. Are the operators using unauthorized and incorrect procedures?
9. Do unnecessary transmissions occur?
10. Is the identification of units and individuals being disclosed in transmissions?
11. Are calls being transmitted excessively?
12. Are transmitting operators sending too fast for receiving operators?
13. Is excessive transmitting power being used?
14. Are transmitters being tuned with the antenna connected?
15. Is excessive time consumed in tuning, testing, changing frequency, and adjusting equipment?
16. Are authentication requirements and procedures being violated?
17. Are interference activities going unreported?

MONITOR UNIT SQT AND CTT STUDY PROGRAM

- SUMMARY:** Monitor the conduct of Soldier's Manual Task and Common Task Training for the Skill Qualification Test and Common Task Test.
- CONSIDERATIONS:** SQTs and CTTs are conducted on a yearly basis to test EMs' knowledge of critical MOS-specific and common tasks.
- ACTIONS:** See Interaction Chart (Figure 1) for illustration of 1SG's role in SQT and CTT training.
1. Determine when SQT and CTT will be held for each MOS in the unit.
 2. Develop, monitor, and update a list of references (Soldier's Manual, Common Skills Manual, FMs, TMs, ARs, TEC lessons, training aids) which can be used to help teach the task. See Resource List (Table 1).
 3. Circulate the reference list to unit trainers (platoon/squad leaders, etc.).
 4. Ensure that time scheduled for SQT/CTT training is properly used.
 - Tasks are trained to standards listed in the relevant SM or CSM.
 - SQT task training is evaluated through paper-and-pencil quizzes because SQT will be a written test.
 - CTT task training is evaluated in a hands-on mode because CTT is a hands-on test.
 - Unscheduled training time ("wait time," etc.) is used to drill SQT/CTT tasks.

RECOMMEND PRETRIAL CONFINEMENT TO COMMANDER

SUMMARY: Determine if pretrial confinement is warranted to ensure an accused soldier's presence at trial, or to ensure the safety of others during the pretrial period.

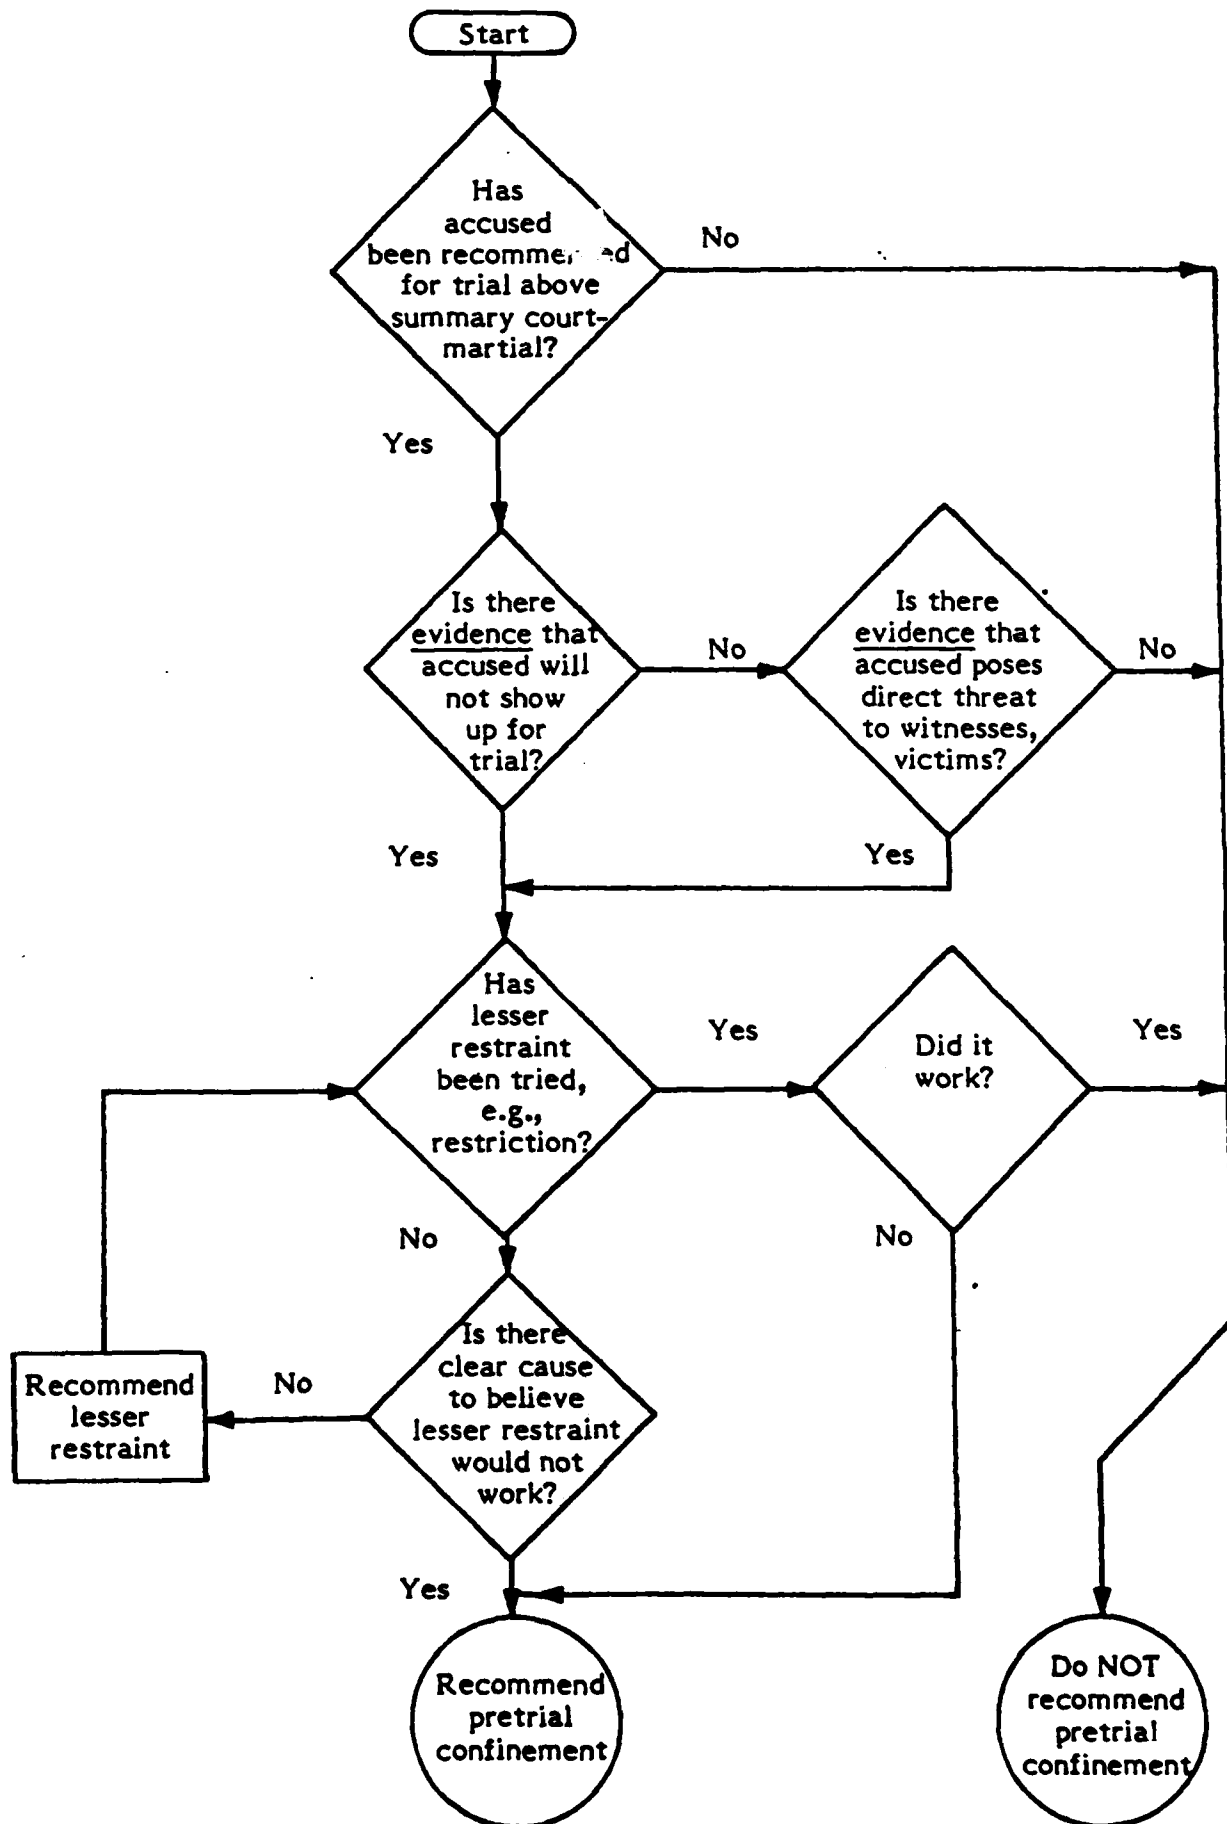

CONSIDERATIONS: Use this aid when an accused soldier is recommended for court-martial.

ACTIONS: Use the attached flowchart to determine whether or not to recommend pretrial confinement of the accused to the Commander.

SUPERVISE UNIT ON-THE-JOB-EXPERIENCE (OJE) PROGRAM

SUMMARY: Actions to take and materials to use to enhance the unit OJE program.

CONSIDERATIONS:

- All soldiers do not attend all levels of NCOES training.
- On-the-Job-Experience (OJE) is a method by which soldiers can progress in lieu of formal NCOES.

ACTIONS:

1. Identify the tasks soldiers must perform to be proficient in their MOS at their skill level. (See appropriate Soldier's Manuals.)
2. Determine current level of proficiency of the soldiers to be trained.
 - Talk with first line supervisors.
 - Review individual test results (e.g., SQT, EIB and EMB tests).
 - Review unit test results (e.g., ARTEP and Crew tests).
 - Review training after-action reports.
3. Establish training priorities.
4. Balance the available resources against the training needed.
5. Use materials designed to enhance individual/unit training (see Table 1).
6. Integrate individual training into all phases of unit training wherever possible.
7. Observe the preparation, conduct, and evaluation of training and make corrections when necessary.

ENFORCE TRAINING SAFETY REQUIREMENTS

SUMMARY: Identify and enforce requirements that ensure safety in training.

CONSIDERATIONS: Most accidents and unsafe incidents are preventable. Lack of safety planning and failure to adequately prepare all individuals are the primary causes of accidents.

- ACTIONS:**
1. Develop safe methods of performing each task.
 2. Brief personnel if there is a risk of hurting themselves or damaging equipment. Cover all appropriate items:
 - Exercise area terrain features
 - Desert survival
 - Flash floods
 - Water supplies, and purification
 - Hot weather, heat prostration
 - Cold weather survival
 - Frostbite
 - Jungle survival
 - Poisonous snakes, insects, and potentially dangerous animals
 - Roadblocks
 - Foxholes, field fortifications
 3. Train your personnel in safe performance by adequately demonstrating proper performance of tasks.
 4. Properly place personnel in tasks which are within their abilities.
 5. Make available safe tools and equipment and maintain them in safe condition.
 6. Promote teamwork among personnel.
 7. Motivate personnel to perform safely.
 8. Refer to Table 1 for guidance in identifying hazards and unsafe conditions.

CONDUCT EVALUATION AND CRITIQUE OF UNIT TRAINING

SUMMARY: Conduct an evaluation and critique of a unit's individual and/or collective training.

CONSIDERATIONS:

- An evaluation of unit training must precede a critique.
- A critique of training should be constructive. Its only purpose should be to help the trainer improve the training.

ACTIONS:

1. Observe the training session and evaluate the training using the attached Training Evaluation Report. Items should be checked to indicate whether they are being done (Yes), not being done (No), not applicable (N/A), or not observed. Use the comments section to describe what you saw.
2. Critique the training:
 - Tell the trainer and soldier(s) what you observed. Describe actual behaviors, if possible. Have the trainer and/or soldier(s) describe what they did.
 - Discuss why actions were effective or ineffective. Let the trainer and soldier(s) evaluate their own actions. If a judgment must be made, let the trainer make it. Refer to standards in the Soldier's Manual, ARTEP, or regulations, as needed.
 - Have the trainer or soldier(s) describe how to perform correctly next time or improve the training. Make suggestions, and correct them if their explanations are wrong.

REVIEW DA FORM 268
(Report For Suspension of Favorable Personnel Actions)

SUMMARY: Correctly complete initial, interim and final reports using DA Form 268.

CONSIDERATIONS: DA Form 268 is initiated by the commander when derogatory information reflects unfavorably on the character/integrity of an individual.

- DA Form 268 is applied to ANY member of the Army: Officer, warrant officer or enlisted person.
- Since this is serious and may affect the career of a service member, only authorized personnel may see the information.

ACTIONS:

1. Pull soldier's DA Forms 2 and 2475-2 (PDC) (source documents). Extract the required information, and correctly enter in blocks 1 through 17 of DA Form 268. (See example A.)
2. All suspension of favorable personnel actions must be updated every 60 days. Interim reports are initiated on a new DA Form 268. Use the original date, leave block 17 empty, and report NEW information in block 18. The signature block date MUST be today's date. (See example B.)
3. Final reports are treated in the same manner as the interim report. A new DA Form 268 is filled out leaving blocks 12 through 17 empty. Enter results in block 18 and complete Section III. (See example C.)
4. To fill out the last major block (DISTRIBUTION), refer to AR 600-31.

 - Squad Leaders
3. Determine specific training support/training resource needs. Use Table 1 as a checklist, and write down all your requirements. Keep in mind:
 - Number
 - Size
 - Time
4. Submit requests for resources and support IAW local SOP. Table 1 has space for you to fill in the name and phone number of the proponent agency for each type of resource.
5. Follow up your requests by contacting the responsible offices directly to see that paperwork is being accomplished. Table 1 has space for you to fill in POC and phone number at each local office responsible for training resources.

REVIEW/CORRECT UNIT MANNING REPORT (UMR).

REVIEW EER FOR ACCURACY AND COMPLETENESS

SUMMARY: Correctly process and review EERs.

CONSIDERATIONS:

- Procedures apply to all enlisted personnel, pay grade E-5 and above.
- The Enlisted Evaluation Reporting System (EERS) supports the Army's personnel management programs.

ACTIONS:

1. Establish controls to ensure compliance with the following:
 - Official rating schemes are developed and published.
 - Each rater is fully qualified and knows whom he/she is to rate.
 - Reports are prepared by the individuals designated.
 - Rating officials give timely counseling to subordinates.
 - Each rated soldier is provided a copy of the EER.
 - Soldiers receive assistance, if they request it, in preparing appeals.
 - Reports reach USAEREC or RCPAC NLT 60 days after the ending month of the report.
2. Establish an internal control system by performing the following:
 - Verify that the rating officials indicated in the DF are correct. Notify the PSNCO of any changes.
 - If the EER is due to the rated soldier's pending separation or reassignment, check the unit rating scheme and determine if any change of rater reports are required for the soldiers whom the rated soldier rates. If so, immediately request MILPO, through the PSNCO, to initiate the reports.

REVIEW EER FOR ACCURACY AND COMPLETENESS

- Verify that the minimum rating period requirement has been met. Obtain periods of nonrated days from DA Form 2475-2(PDC). If it is found that the minimum rating period has not yet been met but will be soon, inform the PSNCO.
 - Forward the report to the rating officials for completion and ensure that the report is completed and returned to the PSNCO in a timely manner.
 - Assign suspense dates to your raters and indorsers.
 - Establish a EER log in which you indicate dates and to whom the EERs were given and the dates they are to be returned to you.
3. Identify the correct EER reporting period and type of report.
- Reporting period (see Table 1).
 - Types of reports (see Table 1).
 - TDY/SD reports (see Table 2).
 - Nonrated periods (see Table 3).
4. Review EERs and follow-up.
- Check the description of duties for accuracy. (Part II of the EER.)
 - Compare the numerical rating in Part III, A and B, to the narrative in Part III, C, for compatibility, (see sample EER at Figure 1).
 - Check for comparative equity with contemporaries by using the quarterly DA message on average EERs by grade and EERWA (Enlisted Efficiency Report Weighted Average).
 - Use EER checklist (Figure 2) to detect errors and edit the report only to ensure correctness.

REVIEW EER FOR ACCURACY AND COMPLETENESS

- Ensure that the rated individual has been properly counseled by the rating official.
 - Forward the report in a timely manner to the PSNCO, with comment on the DF.
5. Returned EERs:
- Take corrective action as directed/indicated.
 - Return corrected EER to MILPO IAW suspense date.

MONITOR AWARDS AND DECORATIONS PROGRAM FOR ENLISTED PERSONNEL

SUMMARY: Monitor procedures for determining eligibility of personnel, preparing and submitting recommendations, and presenting awards and decorations.

- CONSIDERATIONS:**
- Military decorations are awarded to recognize heroic, extraordinary, outstanding, and meritorious acts, achievements, and service, or for wounds. Anyone having knowledge of such acts, achievements or service may initiate a recommendation using DA Form 638, Recommendation for Award.
 - The Good Conduct Medal is awarded for exemplary behavior, efficiency and fidelity while serving on active duty for a specified period of time. Normally, a Personnel Actions Specialist uses the DA Form 2496 (Disposition Form) to notify the immediate commander when a person is eligible. The commander must approve the award or submit a statement of disapproval.
 - Service medals are awarded for honorable performance of military duty within specified limited cases in designated geographical areas. Normally, a Personnel Actions Specialist sends a DA Form 2496 through the commander to notify the individual of the award.
 - Badges are awarded for a high degree of skill, proficiency, and excellence in tests, competitions, and performance of duties. The unit commander normally initiates recommendations for award of skill or qualification badges using the DA Form 2496.
 - Certificates of Achievement and letters of commendation or appreciation are prepared by the commander to recognize acts, achievements or services which do not meet the criteria for any of the other awards or decorations.

- ACTIONS:**
1. Use Table 1, Military Decorations, Table 2, Service Medals, or Table 3, Special Skill Badge Requirements to determine eligibility requirements.
 - Ensure soldier has not been recommended for or awarded a decoration for the same act.

MONITOR AWARDS AND DECORATIONS PROGRAM FOR ENLISTED PERSONNEL

- Ensure that soldier is not under charges or subject to other unfavorable action which would preclude selection under AR 600-31.
2. If the DA Form 638 is required, use Table 4, DA Form 638 to prepare and process the form.
 3. For the Good Conduct Medal, complete the DA Form 2496 by indicating approval or disapproval. If disapproval is recommended:
 - Prepare statement of rationale, specifying the period of disqualification.
 - Forward statement to individual IAW AR 600-37 and obtain individual's signature.
 4. For special skill badges, prepare recommendation IAW local procedures.
 5. For certificates and letters of commendation or appreciation, prepare and forward two copies for inclusion in the MPRJ and the official military personnel file.
 6. Upon receipt of appropriate orders, certificates, and awards ribbons and/or badges, present to recipients in an appropriate ceremony.

DA FORM 6
1 JUL 74

PREVIOUS EDITIONS OF THIS FORM
WILL BE USED UNTIL EXHAUSTED.

SEE REMARKS ON REVERSE.

For use of this form, see AR 220-45, the predecessor
agency to The US Army Adjutant General Center.

1. NATURE OF DUTY block:
 - (a) Enter type of detail, e.g., Charge of Quarters, Sergeant of the Guard, etc.
 - (b) Combine duties of like nature on a single roster if they require personnel in the same pay grades and if allowed by local policy.
2. ORGANIZATION block: Enter the unit or activity responsible for providing the details.
3. FROM (Date) block: Enter the date immediately following the TO date on the previous roster; for a new roster, the date of the first detail on the roster.

MAINTAIN A DUTY ROSTER (DA FORM 6)

4. TO (Date) block: Enter only when a DA Form 6 is closed. The date is always the date of the last detail performed.
5. GRADE and NAME blocks: Enter grade and name of each soldier.

Duty rosters contain only the names of persons required to perform the duty involved. When preparing a new roster, all names are entered alphabetically within the grade, beginning with the highest grade. Changes in personnel do not require new rosters. Following is the proper method to add, delete, or omit names:

- (a) As personnel join the unit or become qualified to perform the duty, the names are added to the foot of the roster.
- (b) When personnel are excused from duty or are no longer qualified to perform the duty, they may be deleted or omitted from the roster.
- (c) When adding, deleting, or omitting persons from the roster, explanatory remarks are required. The reason is indicated by placing a number in parentheses immediately following the person's name. The number must correspond with the remarks on the rear of the duty roster form. An example of some remarks that may be used are:
 - (1) Assigned.
 - (2) Excused - SD.
 - (3) Promoted (used when promotion disqualifies person from performing detail).
 - (4) Reassigned.
 - (5) TDY until 24 April 1976.

6. MONTH/DAY lines:

- (a) Enter the month in which the details are performed. A slash (/) separates the months and should be placed over the line that separates the last date of one month and the first date of the next month.
- (b) The DAY line is subdivided into 40 blocks. Enter only the date that a detail was performed in the blocks.
- (c) There are two techniques used to post days to the roster to assist you in keeping track of weekday and weekend or holiday duties:
 - (1) The first technique is to use red pencil to denote weekend or holiday and blue pencil to denote weekday.

MAINTAIN A DUTY ROSTER (DA FORM 6)

- (2) The second technique is to color the entire day column for weekends and holidays with a yellow pen and then post the numbers with a black pen. To help you keep a neat and accurate roster, always post tentative dates lightly in pencil. When you are sure the detail will be performed, go over the date with a pen. Type or print according to local policy.
- (d) NONCHARGEABLE DAYS are indicated by an abbreviated code.
 - (1) Those who are absent or otherwise not available because of leave, pass, special duty, temporary duty, illness in the line of duty, or any other authorized reason not due to misconduct will be indicated by the letter "A." Numbering sequence is interrupted.
 - (2) Those eligible for detail, but who could not be selected because of previous detail (usually any detail which was not completed at least 24 hours prior to the new detail) or other detail, will be indicated by the letter "D." Numbering sequence continues.
 - (3) Those not available because of being absent without leave, in arrest, in confinement, sick not in the line of duty, or otherwise not available as a result of their own misconduct will be indicated by the letter "U." Numbering sequence continues.

7. SELECTING AND POSTING DETAILS FROM DUTY ROSTER.

- (a) When selecting details from duty rosters, the person selected is the individual with the highest number. Place a single slash in the day block opposite the person's name. When the duty is performed, add two more slashes to the lower right corner of the individual's day block. When the person with the highest number is not available, the person on the roster with the next highest number in that same column will be detailed. Whenever a person who has been detailed for a duty cannot perform or complete the duty, the next eligible person in the same column will be detailed to perform or complete the detail.
- (b) If a person is not available for a detail, a "nonchargeable day" is posted to the roster. Nonchargeable days are indicated by an abbreviation. The reasons that a person may not be available and the abbreviations are discussed above.
- (c) Posting of duties is done only on the day the duty is performed. When details are selected, all other persons on the roster are "charged" with the number of days since they last performed the detail.

8. FILING AND DISPOSITION: When a DA Form 6 is closed, fill in the "TO (date)" block and file in unit functional files. Final disposition will be made IAW regulations pertaining to those files.

**MONITOR ADMINISTRATIVE PREPARATION OF RECORD OF
PROCEEDINGS UNDER ARTICLE 15, UCMJ**

SUMMARY: Monitor proper and timely preparation of all necessary forms for Article 15s.

CONSIDERATIONS: Soldier is accused of a minor offense punishable under Article 15, UCMJ.

- ACTIONS:**
1. Monitor the correct preparation of DA Form 2627 (see Figure 1 for sample) to include the following:
 - Accused must be given sufficient time (generally 48 hours) to decide whether to demand trial by court-martial, request a hearing or a spokesperson, and/or present evidence.
 - Check to see whether there are any restrictions on the punishment the administering officer may impose. (See Table 1, Table of Punishments.)
 - If Article 15 is appealed, forward DA Form 2627 and any rebuttals to Judge Advocate for review of punishment when necessary, then to administering officer's superior officer for action on appeal.
 - If appealed, make sure accused has signed DA Form 2627 to indicate he/she has seen the action taken on the appeal.
 2. If Summarized Proceedings are used, monitor DA Form 2627-1 (see Figure 2) for the following:
 - Accused was afforded the opportunity to take up to 24 hours to decide whether to demand trial by court-martial, present matters in defense, extenuation and/or mitigation.
 - Punishment does not exceed:
 - o Extra duties for 14 days.
 - o Restriction for 14 days.
 - o Oral reprimand or admonition.
 - o Combination of the above.

**MONITOR ADMINISTRATIVE PREPARATION OF RECORD OF
PROCEEDINGS UNDER ARTICLE 15, UCMJ**

- Accused was afforded the right to appeal.
 - If appealed, make sure accused has signed DA Form 2627-1 to indicate he/she has seen the action taken on the appeal.
3. Use DA Form 2672-2 (see Figure 3) for the following:
- Suspension of punishment.
 - Mitigation of punishment.
 - Remission of unexecuted punishment.
 - Setting aside punishment.
 - Vacating of suspended punishment.
4. If a more severe punishment than that authorized at company level is appropriate, monitor preparation and distribution of proper DA Form 5109R (see Figure 4 for sample) to next superior officer. Note that transmitting officer cannot recommend punishment to superior officer.
5. Use Table 2 as a guide for removal of records of non-judicial punishment from military personnel files.

DISPLACE UNIT FROM ONE LOCATION TO ANOTHER BY ROAD

VARIABLE AND DEFINITION	FORMULA AND EXAMPLE
TIME DISTANCE (TDIS): The time it takes any single element of a column to move from one point to another at a given rate of march.	$\text{TDIS (hrs)} = \frac{\text{DISTANCE(km)}}{\text{RATE OF MARCH(kmph)}}$ <p>Example: $\text{TDIS} = \frac{126 \text{ km}}{24 \text{ kmph}} = 5.25 \text{ hrs}$</p> <p>NOTE: Convert fractional part of an hour to minutes by multiplying fractional part (.25) by 60. $.25 \times 60 = 15$.</p> <p>TDIS = 5 hours, 15 minutes</p>
DISTANCE(D), RATE(R), AND TIME(T): How far convoy travels (km), how fast convoy travels (kmph), and how long convoy travels (hrs).	$D = R \times T \quad R = \frac{D}{T} \quad T = \frac{D}{R}$ <p>Example: $D = 24 \times 5.25 \quad R = \frac{126}{5.25} \quad T = \frac{126}{25}$</p> <p>$D = 126 \quad R = 24 \quad T = 5.25$</p>
LENGTH OF COLUMN (LGTHCOLM): Length of roadway occupied by a column, including gaps.	$\text{LGTHCOLM} = \frac{\# \text{ VEHICLES}}{\text{DENSITY(vehicles per km)}} + \frac{\text{TIME GAPS(min)} \times \text{RATE(KMPH)}}{60}$ <p>Example: $\text{LGTHCOLM} = \frac{150}{12} + \frac{(4 \times 3) \times 24}{60}$ $= 12.5 + 4.8$ $= 17.3 \text{ km}$</p>
PASS TIME (PST): Time between when the first element of a column and the last element of a column pass a given point.	$\text{PST(min)} = \frac{\text{LGTHCOLM(km)} \times 60}{\text{RATE OF MARCH(kmph)}}$ <p>Example: $\text{PST(min)} = \frac{17.3 \times 60}{24}$ $= \frac{1,038}{24}$ $= 43.25 \text{ minutes}$</p>

TABLE 2. SUPPLY FUNCTIONS AND ACTIVITIES

**RECOMMEND APPROPRIATE DISCIPLINARY ACTION
TO COMMANDER (JUDICIAL, NON-JUDICIAL, NON-PUNITIVE)**

SUMMARY: Investigate alleged violation or misconduct, determine severity of violation or misconduct, recommend disciplinary action.

- CONSIDERATIONS:**
- Commander specifically requests a recommendation from you.
 - You need to determine which type of action is applicable.
 - Keep in mind that rehabilitation is your major aim.

- ACTIONS:**
1. **Conduct an Investigation** of the alleged violation. Determine whether there is reason to believe the soldier actually committed the offense.
 2. If the offense is substantiated, **decide how serious it is.**
 - Minor misconduct or poor duty performance. Minor problems for which the soldier has not been previously reprimanded, or when you have reason to believe the soldier will change his or her behavior if given a warning or a minor punishment: **CONSIDER NON-PUNITIVE DISCIPLINARY ACTION.**
 - Repeated minor misconduct or poor duty performance, or a minor offense. A minor offense is generally one for which the maximum authorized punishment is not dishonorable discharge or confinement at hard labor for more than 1 year. See AR 27-10, the section on Non-judicial Punishment, for further clarification of minor offenses. **CONSIDER NON-JUDICIAL DISCIPLINARY ACTION (ARTICLE 15).**
 - Major offenses, crimes, or repeated minor offenses. If the soldier has repeatedly received Article 15s for the same or related offenses, or has committed a crime or a major offense, or has not been rehabilitated by non-punitive or non-judicial actions, **CONSIDER JUDICIAL DISCIPLINARY ACTION (COURT-MARTIAL).**

**RECOMMEND APPROPRIATE DISCIPLINARY ACTION
TO COMMANDER (JUDICIAL, NON-JUDICIAL, NON-PUNITIVE)**

3. **Decide on a recommended disciplinary action.** Always recommend the least severe action that is adequate and appropriate to handle the problem. Your aim is not just to discipline the soldier, but to rehabilitate him or her. Types of non-punitive, non-judicial, and judicial actions are listed in Table 1.
4. **Make your recommendation to the commander.** Present the results of your investigation, any history of previous related offenses and disciplinary actions taken, your recommendation for current disciplinary action, and your reasons for the recommendation. REMEMBER, IT IS UP TO THE COMMANDER TO MAKE THE FINAL DECISION ON ANY RECOMMENDED DISCIPLINARY ACTION.

**RECOMMEND APPROPRIATE DISCIPLINARY ACTION
TO COMMANDER (JUDICIAL, NON-JUDICIAL, NON-PUNITIVE)**

1. NON-PUNITIVE ACTIONS

- Admonitions (warnings, usually oral).
- Reprimands (criticism or chewing out): Written or oral. If written, filed in field 201 file until soldier is transferred, separated, or administering CDR requests removal via another letter through channels.
- Counseling: See Job Aid, Counsel Military Personnel.
- Extra training: Only when directly related to soldier's deficiency. Not to be administered as punishment or give the appearance of punishment.
- Withholding privileges/benefits: Privilege/benefit withheld must bear significant relationship to the offense.
- Evaluation reports. A less than excellent rating may have some effect on promotion, assignment, and type of discharge.
- Revocation of security clearance. If there is reason to doubt reliability and trustworthiness. Indicators: criminal or immoral activities, habitual use of drugs, excessive use of alcohol, excessive indebtedness, repeated AWOL. See AR 27-10.
- MOS reclassification. If act of misconduct directly affects job/MOS performance (i.e., an MP who brawls, a finance officer accused of petty larceny). Also, if SM is inefficient/untrainable in MOS. See AR 27-10.
- Administrative reduction in grade. Certain commanders may administratively reduce enlisted personnel for inefficiency and other reasons.
- Administrative restraint or restriction.
- Bar to reenlistment.

2. NON-JUDICIAL ACTIONS

- Article 15. For offenses where non-punitive action is not suited, but incident is not serious enough to warrant court martial.

TABLE 1: NON-PUNITIVE, NON-JUDICIAL, AND JUDICIAL DISCIPLINARY ACTIONS

**RECOMMEND APPROPRIATE DISCIPLINARY ACTION
TO COMMANDER (JUDICIAL, NON-JUDICIAL, NON-PUNITIVE)**

3. JUDICIAL ACTIONS

TYPE OF COURT-MARTIAL	MAXIMUM CONFINEMENT AT HARD LABOR	MAXIMUM FORFEITURES	MAXIMUM PUNITIVE DISCHARGE
SUMMARY	1 month (For Grades E4 and below only)	2/3 per month (1 month)	NONE
SPECIAL	6 months (For enlisted persons only)	2/3 per month (6 months)	NONE (unless convened specifically for BCD*)
GENERAL	See MANUAL FOR COURTS-MARTIAL	Total Forfeitures	BCD DD Dismissal (Officers)

* In order to impose a BCD, a Special Court-Martial must:

- (1) Be convened by a General court-martial convening authority.
- (2) Have a military judge detailed.
- (3) Have a defense counsel within the meaning of Article 27(b).
- (4) Have a verbatim record of trial.

INSTRUCT NCOs ON RELATIONSHIP BETWEEN SOLDIER'S MANUALS, ARTEPs, AND THE ARMY'S SKILL EVALUATION PROGRAMS

SUMMARY: Define SM, SQT, CSM, CTT, ARTEP, and ARTEP FTX.
Outline how they interact.

CONSIDERATIONS: Ensure NCOs know the relationship between various training guides and training evaluation programs:

- When new NCOs are assigned to the unit.
- For any SQTs or CTTs affecting your unit.
- For any ARTEPs affecting your unit.
- If you notice individual or collective training is being neglected or improperly conducted.

ACTIONS: 1. Define SM, SQT, CSM, CTT, ARTEP, and ARTEP FTX for NCOs.

- SOLDIER'S MANUAL (SM): A Department of the Army publication which specifies critical individual performances essential for a given MOS, duty position cluster, and skill level. Performances are presented as a series of training and evaluation outlines specifying the training objective (what and how well), and "how to" information. Because the SMs are written in performance terms, they are the basis for individual training and testing including the Skill Qualification Test (SQT).
- SKILL QUALIFICATION TEST (SQT): A paper-and-pencil test which evaluates individual proficiency with respect to MOS-specific Soldier's Manual tasks. Results are used in personnel decisions regarding promotion, assignment and retention.
- COMMON SKILLS MANUAL (CSM): A Department of the Army publication which specifies critical individual tasks which must be mastered by all Army personnel, regardless of MOS. These are fundamental combat and survival skills such as weapons proficiency, communications, NBC, land navigation, and first aid. The tasks are written in performance terms, similar to Soldier's Manual tasks.
- COMMON TASK TEST (CTT): A hands-on test which evaluates individual proficiency with respect

INSTRUCT NCOs ON RELATIONSHIP BETWEEN SOLDIER'S MANUALS, ARTEPs, AND THE ARMY'S SKILL EVALUATION PROGRAMS

to common skills tasks. Portions of the CTT may be evaluated in conjunction with other training and competitive events such as battlefield courses, drill evaluations, and ARTEP field training exercises. Results are used in personnel decisions regarding promotions and other career decisions.

- ARMY TRAINING AND EVALUATION PROGRAM (ARTEP): A series of Department of the Army publications written for each of the major MOS areas (i.e., infantry, artillery). Each ARTEP provides a listing of training and evaluation outlines that contain minimum collective training objectives and guidance pertaining to specific missions. When supplemented with appropriate directives, the ARTEP serves as the basis for formal evaluation by which the training readiness of a particular unit and diagnosis of future training requirements can be determined.
 - ARTEP FIELD TRAINING EXERCISE (ARTEP FTX): A field exercise which outlines a specific combat mission and presents a scenario for carrying out the mission in a realistic field environment. The FTX includes the collective training objectives outlined in the published ARTEP, and is used to evaluate a unit's training readiness. During the ARTEP FTX, individual SM or CSM training can be conducted, and CTT evaluations performed.
2. Outline to NCOs how the various training programs and their evaluations interact. See Figure 1.
- Individual training is a prerequisite for collective training.
 - MOS-specific Soldier's Manual tasks may be trained during an ARTEP FTX, but they are evaluated by a paper-and-pencil SQT.
 - Common Skills Manual tasks may be trained and evaluated during an ARTEP FTX, or they may be dealt with at other times in the training cycle.

SUPERVISE PREPARATION OF BIVOUAC AREA

SUMMARY: Supervise reconnaissance, planning, and occupation of a bivouac area.

CONSIDERATIONS:

- Unit SOP will generally outline special considerations in preparation of bivouac areas.
- OPORD will usually detail unit mission and general bivouac area.

ACTIONS:

1. Refer to OPORD to determine location and type of bivouac area (tactical/administrative) and unit mission.
2. Inspect bivouac area and map out emplacements IAW unit SOP and bivouac area planning checklist (Table I).
3. Brief unit leaders prior to occupation of bivouac area:
 - Location of each unit (squads, platoons, sections, weapons emplacements, etc.).
 - Procedure for occupation (security, camouflage and concealment, noise/light/litter discipline, etc.).
4. Supervise timely and orderly occupation of bivouac area.

ESTABLISH UNIT NONCOMMISSIONED OFFICER'S DEVELOPMENT PROGRAM

SUMMARY: Identify training needs, training topics, and references for NCO professional training.

- CONSIDERATIONS:**
- Unqualified need for NCODP.
 - NCOES is only part of NCODP.
 - NCODP is an integral part of every aspect of unit, from barracks to tactical operations.
 - NCODP is not only for new "sergeants."
 - NCODP will require the support of every commander and NCO.

- ACTIONS:**
1. Determine training needs of unit NCOs.
 - Who has/has not attended NCOES courses?
 - What NCOES courses have been attended?
 - Who is participating in non-resident or correspondence courses?
 2. Review the following for performance deficiencies:
 - SQT results
 - ARTEP evaluations
 - Exercise After-Action Reports
 - Annual General Inspection (AGI) results
 3. Organize your training around the needs and deficiencies identified in steps 1 and 2 above.
 4. Determine broad category you want to train, and obtain references (see Table 1).
 5. If the topic is too broad, develop intermediate training objectives (sub-topics).

ESTABLISH UNIT NONCOMMISSIONED OFFICER'S DEVELOPMENT PROGRAM

6. Determine to whom the training will be given:
 - Those who demonstrate potential for performing duty in a leadership position.
 - All soldiers performing duty in leadership positions.
 - All acting NCOs.
7. Identify and brief instructor.
 - Assign topic for training.
 - Try to give instructor at least a two-week notice.
8. Ensure the training is included on the training schedule.
9. Assist the instructor to identify and obtain required resources.
10. Check the instructor's lesson outline/plan.
11. Observe the instructor's rehearsal.
12. Attend and ensure others attend.
13. Evaluate the effectiveness of the training.
14. Critique the trainer.

REVIEW PERSONNEL STRENGTH ZERO BALANCE REPORT (PZB)

SUMMARY: Ensure unit strength reporting is zero strength deviation.

CONSIDERATIONS:

- The PZB report is produced once a month.
- Part I informs the commander of the reconciliation of totals of duty status categories on the SIDPERS Organization Master File (SOMF) and the SIDPERS Personnel File (SPF).
- Part II provides the means of reconciling the strength of a unit on a "by name" basis for each individual assigned or attached to the unit.

ACTIONS: Use Figure 1 to:

1. Ensure the personnel shown on the report match the Personnel Data - SIDPERS (PDC - SIDPERS) file for all assigned and attached personnel.
2. Determine the status of personnel shown on the report who are NOT actually assigned or attached.
3. Determine the status of personnel who are assigned or attached but are NOT shown on the report.

NOTE: When applicable, prepare deletions and change reports in accordance with local policy.

PLAN AND MONITOR UNIT PHYSICAL FITNESS PROGRAM

SUMMARY: Plan and monitor unit physical fitness program.

- CONSIDERATIONS:**
- Availability of exercise areas may govern the selection of activities and type of program that can be adequately supported.
 - Availability of facilities (i.e., gyms, swimming pool, obstacle course, football and softball fields).
 - Availability of instructors who can instruct and direct the scheduled activity.
 - Time required per week to accomplish the program.

- ACTIONS:**
1. Select the program(s) appropriate to your unit.
 - Preparatory Program
 - Newly assigned officers, NCOs, and enlisted members.
 - Soldiers placed on light duty by medical authorities.
 - Conditioning Program
 - Soldiers with passing scores on APRT (average scores).
 - Maintenance Program
 - Soldiers in exceptional physical condition (scored very high in all APRT events).
 - Remedial Program
 - Soldiers who are overweight or underweight.
 - Soldiers who have failed one or more events on the APRT.
 - Soldiers who are on temporary/permanent profiles.
 - Soldiers who have displayed poor attitudes.

PLAN AND MONITOR UNIT PHYSICAL FITNESS PROGRAM

- Age 40 and Over Physical Fitness Program
 - Place soldiers 40 and over in a separate workout group.
 - Schedule the time and place and activity for workout.
 - Have each individual perform the activity at his or her own pace.
 - Monitor program.
- 2. Monitor program using principles of Physical Readiness.
 - Progression. In the beginning stages, the load must be moderate. Gradual progression from this low state physical readiness to a higher state.
 - Overload. To reach the desired level of physical condition, the physical load must be increased as strength and endurance increase.
 - Balance. An effective program utilizes various types of activities and provides for development of strength, endurance, flexibility, and coordination, as well as basic physical skills.
 - Variety. Some programs fail because the routine becomes boring. The most successful programs include conditioning activities, competitive events, and military physical skills development (see Figure 1).
 - Regularity. There is no easy or occasional way to develop physical readiness. Regularity of exercise is a must. Daily exercise is preferred.
- 3. Evaluate physical readiness (APFT).
 - Physical Fitness Test will be administered semi-annually.
 - Two tests constitute the Army Physical Readiness Test (APRT).
 - Army Physical Readiness, test age 17 to 39.
 - Army Physical Readiness, test age 40 to 60.

PLAN AND MONITOR UNIT PHYSICAL FITNESS PROGRAM

- Test events, age 17 to 39:
 - Pushup
 - Situp
 - 2-mile run
- Combat Standards:
 - Soldiers must attain a score of 60 points on each test event and have a cumulative score of 180 points.
 - The current Physical Readiness Test Scorecard (DA Form 705-R) will be used to record the scores.
- Test events, age 40 to 60 (see Table 1):
 - No soldier will be tested unless he or she has gone through the prescribed medical screening (AR 600-9).
 - No soldier will be tested until he or she has participated in a regular physical readiness training program for at least 3 months.
 - The test will be scored on a GO/NO GO basis, with attainment of the required raw score as the criterion for passing each event.
 - The current physical readiness test scorecard (DA Form 705-R) will be used to record the scores.

INITIATE FAMILY CARE PLAN

GRADE	NAME (Last, First, Middle Initial)	SSN

Privacy Act of 1974. Army directives require military personnel to be counseled regarding their responsibility to make arrangements for the care and welfare of their dependent(s) in the event they are required to perform duties that will preclude them from providing such care. During the course of this counseling you will be asked to provide certain personal information. The purpose for requesting this information is to assist you in planning to meet your responsibilities to your dependent(s) and to the military, and to determine if there is anything that the Army can do to assist you in meeting these responsibilities. You are not required to provide personal information. If you choose not to provide personal information, however, I may not be able to effectively assist you. No use of the information will be made outside of DoD. My authority for requesting this information is 10 U.S.C. 3012.

You are required to be counseled regarding the following subjects:

- 1. The necessity for careful planning regarding care of dependent(s) without sacrificing your military responsibilities. The following points must be considered:
 - a. Who will care for dependent(s) during duty hours, alerts, field duty, roster duty, and periods of TDY?
 - b. Is there adequate housing for your dependent(s) and is it accessible to your duty location?
 - c. Financial obligations that will accrue for such things as child care, housing, transportation, and emergency needs and how these obligations will be met.
- 2. Services provided by the local Army Community Services regarding financial planning. See Chapter 4, AR 608-1.
- 3. Policies governing entitlements to assignment of Government quarters. See Chapter 10, AR 210-50.
- 4. Policies governing entitlements to Basic Allowance for Subsistence, application procedures, and payment. See Chapter 1, part 3, AR 37-104-3, and Chapter 1, part 3, DoD Military Pay and Allowances Entitlements Manual.
- 5. Provisions for applying for concurrent travel of dependent(s) when alerted for overseas movement. Approved joint domicile applications do not constitute authority to move dependent(s) to the overseas command at Government expense. Application for dependent travel must be made in accordance with AR 55-46.
- 6. The entitlement to Government paid transportation of dependent(s) to the next permanent duty station. See Chapter 9, AR 37-106, and Chapter 8, volume 1, Joint Travel Regulations. Transportation allowances for dependent movement will be paid under the following conditions:
 - a. If traveling in a PCS status between CONUS permanent duty stations. (Dependents are not authorized to move to or from TDY stations at Government expense.)
 - b. If traveling to, from, or between overseas duty stations in PCS status providing tour length requirements have been satisfied. See Section III, Chapter 1, AR 55-46, regarding your length requirements to qualify for dependent movement to, from, or between overseas areas.

INITIATE FAMILY CARE PLAN

- 7. The status of "individually sponsored dependents" in the oversea command. See paragraph 1-17, AR 55-46.
- 8. Eligibility requirements for shipment of household goods to next permanent duty station at Government expense. See Chapter 4, AR 55-71 and Chapter 8, Volume 1, Joint Travel Regulations.
- 9. Policies governing reassignment eligibility. All soldiers are expected to serve their fair share of CONUS and oversea tours. The primary needs of the service provide the basis for selecting a soldier for reassignment. See paragraph 1-4, AR 614-30 and paragraph 1-4b, AR 614-200.
- 10. Policies governing deletion or deferment from assignment instructions because of personal reasons. See Chapter 3, AR 614-30 and Chapter 3, AR 614-200.
- 11. The content and requirements of Dependent Care Plan and the time frames for processing the plan. The plan must be submitted early enough so that all commanders in the chain of command may review it and make final disposition within 6 months of the date of counseling.
- 12. The provisions of paragraph 1-34c and 1-34d(14), AR 601-280 regarding bars to reenlistment for failure to provide an adequate Dependent Care Plan or for failure to properly manage family affairs.
- 13. Provisions governing involuntary separation from service for inability to perform prescribed duties, repetitive absenteeism, or nonavailability, when directed, for worldwide assignment or unit deployment because you cannot arrange for the care of dependent(s) during your absence. See paragraph 5-34, AR 635-200.

FRATERNIZATION AND SEXUAL HARASSMENT PROGRAM

A. Fraternization

1. Improper superior-subordinate relationships between male or female officers, noncommissioned officers, enlisted personnel can lead to:
 - Subordinates taking advantage of "ground rules" to implement "pet" solutions, those contrary to the best interest of the organization.
 - Subordinates learning weaknesses of leader; may not respect him/her as much; may lose confidence in him/her.
 - Subordinates being harder to discipline because you will be "friends" or you will be perceived as "permissive."
 - Your feeling toward some subordinates being biased - perhaps to the point where you unknowingly discriminate against others.
 - Subordinates using their knowledge of you (perhaps they found out that you once had to bend the rules) to "blackmail" you for favors or to get out of undesirable assignments.

B. Example of Male or Female Superior-Subordinate Relationships That Are Prohibited

- Joking around with troops.
- Horseplaying with the troops.
- First name basis.
- Drinking buddies.
- Swap "dirty" stories.
- Complain about Army together.
- Share previous experiences.
- Lending or borrowing money from the troops.

C. Simple Rules When Dealing With Soldiers of The Opposite Sex

- Provide equal opportunity and treatment for both male and female soldiers.
- Require and enforce equal standards of appearance and performance for both male and female soldiers.
- Ensure male and female soldiers are rated as compared to all soldiers.
- Utilize the same criteria when placing male and female soldiers on duty rosters.
- Ensure that male and female soldiers of equal rank are delegated equal authority commensurate with their rank and receive equal opportunity to fully demonstrate their capabilities.
- Conduct personal or performance counseling in an open area or with an impartial witness.
- Don't fraternize with members of the opposite sex after duty hours.
- Initiate prompt action to investigate any reports of harassment, favoritism and/or discrimination.
